INDEX

VOLUME 34, 1958

A

Abortion, Prevention of habitual spontaneous, with early prenatal care, Carl T. Javert, 747

Academy Medal, Citation and presentation of the, to Alphonse Raymond Dochez, M.D., Robert L. Levy, 235

Academy Plaque, Citation and presentation of the, to Mr. Charles C. Morchand, Howard Reid Craig, 239

Academy of Medicine, Functions of an, Address of the President, Robert L. Levy, 213

Adrenalectomy, Operative technique for, Jack Lapides, 303

Aged, Patterns in planning a psychiatric program for the, Alvin I. Goldfarb, 811. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with the New York Neurological Society

Alcoholism, with onset forty-five years or older, Harry H. Moorhead, 99

Almy, Thomas P. See Panel Meetings on Therapeutics, 578

Amberson, J. Burns, Some implications of tuberculosis to-day, 717. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

Ammonia intoxication, Role of, in hepatic coma, William V. McDermott, Jr., 357

Annan, Gertrude L., John Wakefield Francis, 1789-1861, the Academy's second president, 757

Anniversary discourse, Time—a fourth dimension of patients, C. Sidney Burwell, 224

Aranow, Henry, Jr. See Panel Meetings on Therapeutics, 649

Ascites, The treatment of, by side to side portacaval shunt, C. Stuart Welch, Edward Attarian and Harold F. Welch, 249

Attarian, Edward. See Welch, C. Stuart, joint author

B

Baumgartner, Leona, Doctors, the public and acceptance of scientific advances, 609

Bender, Lauretta, Emerging patterns in child psychiatry, 794. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Biggs (Hermann M.) Thirty-third memorial lecture. Anxiety and tension, Ralph W Gerard, 429

Bile duct, Reconstructive surgery of the common, Richard B. Cattell, 502. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Bile ducts, Surgery of the Gallbladder and. See Symposia, Section on Surgery, 495

Biliary tract disease, Acute and chronic cholecystitis, a classification of, Frank Glenn, 496. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Biliary tract, Hints and safeguards in surgery of the, Ralph Colp, 512. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Blood, Human, in New York City, Report of a study of its procurement, distribution and utilization, Committee on Public Health, 408

Brill, Henry and Robert Patton, Some statistical trends of importance for

planning psychiatric programs in New York, 786. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Burwell, C. Sidney, Time—a fourth dimension of patients, Anniversary discourse, 224

C

Cancer, Radical perineal prostatectomy for early, Hugh J. Jewett, 26

Cancer cells, The dissemination of (Twelfth James Ewing Memorial Lecture), Warren H. Cole, Stuart Roberts, Alvin Watne, Gerald McDonald and Elizabeth McGrew, 163

Cardiovascular disease, Surgical management of, (Graduate Fortnight, 1956, Panel Meeting), Ludwig W. Eichna, *Moderator*, 184

Carpenter (Wesley M.) Lecture, Aspects of carbohydrate and phosphate metabolism in diabetes, William C. Stadie, 5

Cattell, Richard B., Reconstructive surgery of the common bile duct, 502. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Cavert, H. Mead, Some current views on the biochemistry and physiology of myocardial contraction, 445

Chaves, Aaron D. See Graduate Fortnight, 1956, Panel Meeting, 109

Cholecystitis, Acute and chronic: a classification of biliary tract disease, Frank Glenn, 496. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Cirrhosis of the liver, Medical aspects of, William J. Eisenmenger, 242

Cole, Warren H., Stuart Roberts, Alvin Watne, Gerald McDonald and Elizabeth McGrew, The dissemination of cancer cells, 163

Colp, Ralph, Hints and safeguards in surgery of the biliary tract, 512. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Committee on Public Health, Human blood in New York City, Report of a study of its procurement, distribution and utilization, 408

Confederate medical officer in the field, H. H. Cunningham, 461

Confederate States Army, Surgical care of the, Richard B. Stark and Janet C. Stark, 387

Conferences

Transcript of report on conference on perinatal mortality, 311

Transcription of a clinical-pathological conference: An endocrine problem, 256. See Graduate Fortnight, 1956

Connective tissues in medicine and surgery, Jerome Gross, 701

Corneal surgery, Anatomical and Physiological aspects of, George K. Smelser, 641

Corner, George W. See Significance to medical history of the newly discovered fourth century Roman fresco, 683, Discussion

Cournand, André. See Graduate Fortnight, 1956, Panel Meeting, 184

Course for general practitioners: Practical applications of electrolyte and fluid balance (announcement of program), 558, 698

Craig, Howard Reid, Citation and presentation of the Academy Plaque to Mr. Charles C. Morchand, 239

Crohn, Burrill B., *Moderator*. See Panel Meetings on Therapeutics, 366

Cunningham, H. H., Confederate medical officer in the field, 461

D

Dennis, Clarence. See Graduate Fortnight, 1956, Panel Meeting, 184

Diabetes, Aspects of carbohydrate and phosphate metabolism in, William C. Stadie, 5

Diabetes, Fat metabolism in, Vincent P. Dole, 21

Diabetic problem, Modern aspects of the, Garfield G. Duncan, 73

Dochez, Alphonse Raymond, M.D., Citation and presentation of the Academy Medal to, Robert L. Levy, 235

Doctors, the public, and acceptance of scientific advances, Leona Baumgartner, 609

Dole, Vincent P., Fat metabolism in diabetes, 21

Drug resistant tubercle bacilli, Rapid detection of, by slide cultures of sputum,

Cynthia H. Pierce, 730. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

Duncan, Garfield G. Modern aspects of the diabetic problem, 73

E

Eckenhoff, James E., Physiology of hypothermia, 297

Eichna, Ludwig W. See Graduate Fortnight, 1956, Panel Meeting, 184

Eisenmenger, William J., Medical aspects of cirrhosis of the liver, 242

Electron microscope, Use of the, in the study of intracellular virus, Councilman Morgan, Harry M. Rose and Dan H. Moore, 85

Elliott, Robert H. See Panel Meeting, 34

Emerging patterns in child psychiatry, Lauretta Bender, 794. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Endocrine disorders, Therapy of common, Panel Meeting on Therapeutics, Joseph W. Jailer, *Moderator*, 649

Endocrine problem, Transcription of a clinical-pathological conference, John G. Kidd, *Chairman*, Claude E. Forkner, Abbie I. Knowlton, Louis J. Soffer, 256. See Conferences, Graduate Fortnight, 1956

Engel, George L. See Panel Meetings on Therapeutics, 366

Ewing (James) Twelfth memorial lecture. The dissemination of cancer cells, Warren H. Cole, Stuart Roberts, Alvin Watne, Gerald McDonald and Elizabeth McGrew, 163

F

Farmer, Laurence, Smallpox inoculation controversy and the Boston press 1721-2, 599

Ferebee, Mrs. Shirley H., Human trials of tuberculosis prophylaxis, 741. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

Flood, Charles A. See Panel Meetings on Therapeutics, 366, 578

Forkner, Claude E. See Conferences, Transcription of a clinical-pathological conference: An endocrine problem, 256

Francis, John Wakefield, 1789-1861, the Academy's second president, Gertrude L. Annan, 757

Fresco, Significance to medical history of the newly discovered fourth century Roman, Curt Proskauer, 672

Freud, Job, Jung and, An essay on the meaning of life, Iago Galdston, 769

G

Galdston, Iago, Job, Jung and Freud: An essay on the meaning of life, 769

Gallbladder and bile ducts, Surgery of the. See Symposia, Section on Surgery, 495

Garlock, John H. See Panel Meetings on Therapeutics, 366

Gerard, Ralph W., Anxiety and tension, 429

Glenn, Frank. See Graduate Fortnight, 1956, Panel Meeting, 184

Acute and chronic cholecystitis: A classification of biliary tract disease, 496 See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery

Golden (Ross) Fifth Lecture, New York Roentgen Society. Pathological effects of small doses of radiation, Shields Warren, 633

Goldfarb, Alvin I., Patterns in planning a psychiatric program for the aged. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Graduate Fortnight, 1956

An endocrine problem, Transcription of a clinical-pathological conference, John G. Kidd, *Chairman*, Claude E. Forkner, Abbie I. Knowlton, Louis J. Soffer, 256

Panel Meetings

Surgical managment of cardiovascular disease, Ludwig W. Eichna, *Moderator*, André Cournand, Clarence Dennis, Frank Glenn, F. John Lewis, 184

Therapy of infections, David E. Rogers, *Moderator*, Aaron D. Chaves, Edwin D. Kilbourne, Ralph R. Tompsett, Theodore L. Woodward, 109

Green, Rosalie B. See Significance to medical history of the newly discovered

fourth century Roman fresco, 684, Discussion
Gregersen, Magnus I., Plan for a cooperative medical library center in New York (report of meeting), 547
Gross, Jerome, Connective tissues in medicine and surgery, 701
Grumbach, Melvin M. See Panel Meetings on Therapeutics, 649
Gutman, Alexander B. and T'Sai Fan Yü, Renal regulation of uric acid excretion in normal and gouty man, modification by uricosuric agents, 287

H

Harrington, Rev. John R. See Significance to medical history of the newly discovered fourth century Roman fresco, 686, Discussion
Heart failure, Renal tubular dysfunction in congestive, Louis Leiter, 143
"Heartburn", Significance and management of (Panel Meeting on Therapeutics), Hamilton Southworth, *Moderator*, 578
Hepatic coma, Role of ammonia intoxication in, William V. McDermott, Jr., 357
Hoch, Paul H., Some steps toward comprehensive psychiatric service, *(abstract)*, 823. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society
Homoplastic enigma, Current concepts of the, Richard B. Stark, 561
Hypothermia, Physiology of, James E. Eckenhoff, 297

I

Infections, Therapy of (Graduate Fortnight, 1956, Panel Meeting), David E. Rogers, *Moderator*, 109
Ingelfinger, Franz J. See Panel Meetings on Therapeutics, 578

J

Jailer, Joseph W., *Moderator*. See Panel Meetings on Therapeutics, 649
Javert, Carl T., Prevention of habitual spontaneous abortion with early prenatal care, 747
Jewett, Hugh J., Radical perineal prostatectomy for early cancer, 26
Job, Jung and Freud: An essay on the meaning of life, Iago Galdston, 769
Jung and Freud: Job, An essay on the meaning of life, Iago Galdston, 769

K

Kast (Ludwig) Lecture, Modern aspects of the diabetic problem, 73
Kidd, John G., *Chairman*, Claude E. Forkner, Abbie L. Knowlton, Louis J. Soffer, An endocrine problem, Transcription of a Clinical-Pathological Conference, Graduate Fortnight, 1956, 256
Kidney (The) and potassium, Gilbert H. Mudge, 152
Kilbourne, Edwin D. See Graduate Fortnight, 1956, Panel Meeting, 109
Knowlton, Abbie I. See Conferences, Transcription of a Clinical-pathological conference, 256

L

Lapides, Jack, Operative technique for adrenalectomy, 303
Leiter, Louis, Renal Tubular dysfunction in congestive heart failure, 143
Levy, Robert L., Citation and presentation of the Academy Medal to Alphonse Raymond Dochez, M.D., 235

Functions of an Academy of Medicine (The), Address of the President, 213

Introductory remarks, First Annual Postgraduate Week, 3
Lewis, F. John. See Graduate Fortnight, 1956, Panel Meeting, 184

M

Management of the painful shoulder, Panel Meeting on Therapeutics, Harrison L. McLaughlin, *Moderator*, 525
Mayor, A. Hyatt. See Significance to medical history of the newly discovered fourth century Roman fresco, 684, Discussion
McClement, John H., Therapeutic failures in pulmonary tuberculosis, 723
McDermott, William V., Jr., Role of ammonia intoxication in hepatic coma, 357

McDonald, Gerald. See Cole, Warren H., joint author
McGrew, Elizabeth. See Cole, Warren H., joint author
McKinney, Loren C. See Significance to medical history of the newly discovered fourth century Roman fresco, 683, Discussion
McLaughlin, Harrison L., *Moderator.* See Panel Meetings on Therapeutics, 525
Medical history, Significance to, of the newly discovered fourth century Roman fresco, Curt Proskauer, 672
Medical library center in New York, Plan for a cooperative (Report of meeting), Magnus I. Gregersen, 547
Medical library cooperation in New York City, Frederic C. Wood, 550
Mettler, Fred A. See Significance to medical history of the newly discovered fourth century Roman fresco, 685, Discussion
Moore, Dan H. See Morgan, Councilman, joint author
Moorhead, Harry H., Study of alcoholism with onset forty-five years or older, 99
Morchand, Mr. Charles C., Citation and presentation of the Academy Plaque to, Howard Reid Craig, 239
Morgan, Councilman, Harry M. Rose and Dan H. Moore, Use of the electron microscope in the study of intracellular virus, 85
Mudge, Gilbert H., The kidney and postassium, 152
Myocardial contraction, some current views on the biochemistry and physiology of, H. Cavert, 445

N

New York Academy of Medicine, The
John Wakefield Francis, 1789-1861, the Academy's second president, Gertrude L. Annan, 757
Officers of affiliated societies, 628
Officers of Sections, 628
Officers and staff of the Academy, 623
Other committees appointed annually by the president, 1958, 626-27
Standing committees of the Academy, 1958, 624-25
New York City, Human blood in, Report of a study of its procurement, distribution and utilization, Committee on Public Health, 408
New York Heart Association *(abstracts)*
Detection of circulatory shunts by use of radioactive gas, Paul Keating, Robert Case, H. L. Sachs, 761
Effects of safflower oil emulsion on the serum cholesterol levels in young adult males when administered as a supplement to a normal diet, Richard Perkins, Irving S. Wright, Barbara Gatje, 762
Microelectrode studies of the mechanism of A-V nodal delay, Brian F. Hoffman, Paul F. Cranefield, 764
Plasmin lysis of experimental coronary thrombi, Paul Ruegsegger, Irwin Nydick, Alvin Freiman, Nils Bang, Steven Kanor, Eugene E. Cliffton, John S. LaDue, 760
Prognosis of rheumatic carditis, Alvan R. Feinstein, Rodolfo DiMassa, 763
Pathogenesis of cor pulmonale in kyphoscoliosis, Edward H. Bergofsky, Gerard M. Turino, Alfred P. Fishman, 761
Wedge pulmonary arteriography: application in congenital and acquired heart disease, A. L. Loomis Bell, Jr., Seiichi Shimomura, W. James Guthrie, 763-4
New York Pathological Society *(abstracts)*
Homotransplantation of human cell lines, Chester M. Southam, 416
Investigation of the relation between immediate and delayed hypersensitivity as illustrated by local lesions in rabbits, Philip G. H. Gell, 412
In vivo removal of cartilage matrix by papain, Robert T. McCluskey, 687
Localized gamma globulins in the membranous and the "wire-loop" glomerular lesions of nephrotic renal diseases, Robert C. Mellors, 614
Observations on the structure and metabolism of epiphysial cartilage, Richard H. Follis, Jr., 689
Observations with the electron microscope on the Lucké renal adenocarcinoma, Don W. Fawcett, 138
Pancreatic morphology in diabetic animals and man, W. Stanley Hartroft, 67

Significance of hydropic degeneration in the diabetic pancreas, Sidney S. Lazarus and Bruno W. Volk, 63
Staining characteristics of fibrin and its identification in tissue structures, John M. Craig, David Gitlin, 621
Study of hemosiderosis with the aid of electron microscopy, Goetz W. Richter, 134
Surgical pathology of malignant melanoma of the skin of adults: a clinicopathological study of 117 cases, Nathan Lane, Raffaele Lattes and James Malm, 824
Unsuspected potentialities of normal and malignant human cells implanted in heterologous hosts, Helene Wallace Toolan, 828

P

Panel Meeting
Thyroid diseases in children and adults, Sidney C. Werner, *Moderator*, Robert H. Elliott, John B. Stanbury, Nathan B. Talbot, 34
Panel Meetings on Therapeutics, 1958-1959 (Program), 492, 557, 699
Panel Meetings on Therapeutics
Management of the painful shoulder, Harrison L. McLaughlin, *Moderator*, Robert Lee Patterson, Jr., Edward B. Schlesinger, Otto Steinbrocker, 525
Management of ulcerative colitis, Burrill B. Crohn, *Moderator*, George L. Engel, Charles A. Flood and John H. Garlock, 366
Significance and management of "heartburn", Hamilton Southworth, *Moderator*, Thomas P. Almy, Charles A. Flood, Franz J. Ingelfinger, 578
Therapy of common endocrine disorders, Joseph W. Jailer, *Moderator*, Henry Aranow, Jr., Melvin M. Grumbach, 649
Patients, Time—a fourth dimension of, Anniversary discourse, C. Sidney Burwell, 224
Patterns in planning a psychiatric program for the aged, Alvin I. Goldfarb, 811. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society
Patterson, Robert Lee, Jr. See Panel Meetings on Therapeutics, 525
Patton, Robert. See Brill, Henry, joint author
Perinatal mortality, Transcript of report on conference on, 311
Pierce, Cynthia H., Rapid detection of drug resistant tubercle bacilli by slide cultures of sputum, 730-40. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology
Portacaval shunt, Treatment of ascites by side to side, C. Stuart Welch, Edward Attarian and Harold F. Welch, 249
Postgraduate Week, First Annual, 1957
Aspects of carbohydrate and phosphate metabolism in diabetes, William C. Stadie, 5
Connective tissues in medicine and surgery, Jerome Gross, 701
Current concepts of the homoplastic enigma, Richard B. Stark, 561
Fat metabolism in diabetes, Vincent P. Dole, 21
Introductory remarks, Robert L. Levy, 3
Modern aspects of the diabetic problem, Garfield G. Duncan, 73
Some current views on the biochemistry and physiology of myocardial contraction, H. Mead Cavert, 445
Use of the electron microscope in the study of intracellular virus, Councilman Morgan, Harry M. Rose and Dan H. Moore, 85
Postgraduate Week, First Annual, 1958 (Program), 354, 424, 490, 555, 630, 696
Potassium, The kidney and, Gilbert H. Mudge, 152
Prenatal care, Prevention of habitual spontaneous abortion with early, Carl T. Javert, 747
Prevention of habitual spontaneous abortion with early prenatal care, Carl T. Javert, 747
Proskauer, Curt, Significance to medical history of the newly discovered fourth century Roman fresco, 672
Prostatectomy, Radical perineal, for early cancer, Hugh J. Jewett, 26
Psychiatric program for the aged, Patterns in planning a, Alvin I. Goldfarb, 811. See Symposia, Changing problems in

psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Psychiatric program in New York, Some statistical trends of importance for planning, Henry Brill and Robert Patton, 786. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Psychiatric service, Some steps toward comprehensive, (abstract), Paul H. Hoch, 823. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Psychiatry, child, Emerging patterns in, Lauretta Bender, 794. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Pulmonary tuberculosis, Therapeutic failures in, John H. McClement, 723-29. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

R

Radiation, Pathological effects of small doses of, Shields Warren, 633

Recent changes in the management of tuberculosis. See Symposia, Section on Microbiology, 716-46

Renal tubular dysfunction in congestive heart failure, Louis Leiter, 143

Roberts, Stuart. See Cole, Warren H., joint author

Rogers, David E., *Moderator.* See Graduate Fortnight, 1956, Panel Meeting, 109

Roman fresco, Significance to medical history of the newly discovered fourth century, Curt Proskauer, 672

Rose, Harry M. See Morgan, Councilman, joint author

S

Schapiro, Meyer. See Significance to medical history of the newly discovered fourth century Roman fresco, 685, Discussion

Schlesinger, Edward B. See Panel Meetings on Therapeutics, 525

Scientific advances, doctors, the public and acceptance of, Leona Baumgartner, 609

Shoulder, painful, Management of the. See Panel Meetings on Therapeutics, Harrison L. McLaughlin, *Moderator,* 525

Significance to medical history of the newly discovered fourth century Roman fresco, Curt Proskauer, 672
Discussion, 683-86

Smallpox inoculation controversy and the Boston press, 1721-2, Laurence Farmer, 599

Smelser, George K., Anatomical and physiological aspects of corneal surgery, 641

Soffer, Louis J. See Conferences, Transcription of a Clinical-pathological conference: An endocrine problem, 256

Some implications of tuberculosis today, J. Burns Amberson, 717. See Symposia, Recent changes in the management of tuberculosis, Section on Microbiology

Some statistical trends of importance for planning psychiatric programs in New York, Henry Brill and Robert Patton, 786. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Some steps toward comprehensive psychiatric service, *(abstract),* Paul H. Hoch, 823. See Symposia, Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society

Southworth, Hamilton, *Moderator.* See Panel Meeting on Therapeutics, 578

Sputum, Rapid detection of drug resistant tubercle bacilli by slide cultures of, Cynthia H. Pierce, 730. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

Stadie, William C., Aspects of carbohydrate and phosphate metabolism in diabetes, 5

Stanbury, John B. See Panel Meeting, 34

Stark, Janet C. See Stark, Richard B., joint author

Stark, Richard B., Current concepts of the homoplastic enigma, 561

Stark, Richard B. and Janet C. Stark, Surgical care of the Confederate States Army, 387

Steinbrocker, Otto. See Panel Meetings on Therapeutics, 525
Surgery, Connective tissues in medicine and, Jerome Gross, 701
Surgery, corneal, Anatomical and physiological aspects of, George K. Smelser, 641
Surgery of the biliary tract, Hints and safeguards in, Ralph Colp 512. See Symposia, Surgery of Gallbladder and bile ducts, Section on Surgery
Surgery of the common bile duct, Reconstructive, Richard B. Cattell, 502. See Symposia, Surgery of gallbladder and bile ducts, Section on Surgery
Surgical care of the Confederate States Army, Richard B. Stark and Janet C. Stark, 387
Symposia
Changing problems in psychiatry, Section on Neurology and Psychiatry with New York Neurological Society, 785
Recent changes in the management of tuberculosis. Section on Microbiology, 716
Surgery of the gallbladder and bile ducts. Section on Surgery, 495

T

Talbot, Nathan B. See Panel Meeting, 34
Thyroid Diseases in children and adults, Sidney C. Werner, *Moderator*. See Panel Meeting, 34
Time—a fourth dimension of patients, Anniversary discourse, C. Sidney Burwell, 224
Tompsett, Ralph R. See Graduate Fortnight, 1956, Panel Meeting, 109
Tubercle bacilli, Rapid detection of drug resistant, by slide cultures of sputum, Cynthia H. Pierce, 730. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology
Tuberculosis prophylaxis, Human trials of, Mrs. Shirley H. Ferebee, 741. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology
Tuberculoisis to-day, Some implications of, J. Burns Amberson, 717. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology
Tuberculosis, Therapeutic failures in pulmonary, John H. McClement, 723. See Symposia, Recent changes in management of tuberculosis, Section on Microbiology

U

Ulcerative colitis (Panel Meeting on Therapeutics), Burrill B. Crohn, *Moderator*, 366
Uric acid excretion, Renal regulation of, in normal and gouty man, modification by uricosuric agents, Alexander B. Gutman and T'Sai Fan Yü, 287
Uricosuric agents, Renal regulation of uric acid excretion in normal and gouty man, modification by, Alexander B. Gutman and T'Sai Fan Yü, 287

V

Virus, Use of the electron microscope in the study of intracellular, Councilman Morgan, Harry M. Rose and Dan H. Moore, 85

W

Warren, Shields, Pathological effects of small doses of radiation, 633
